

Madras Club

8 February 2019

Dear members,

Entry age for - Children's Pool

Taking into due consideration the requests we have received from some of you, we have decided to revise the entry age for members children to two (2) years to five (5) years with effect from February, 2019.

The child to be accompanied by the parent at all time when in the pool.

Parents to ensure that the child wears leak proof baby diapers when in the children's pool.

In the unlikely event of the child defecating in the pool, the parent / member would bear the entire cost of - chemical cleaning and the complete change of the water in the pool.

For the information of our members, we have located a store nearby which has stock of baby diapers for two / three year olds and we have requested them to give a discount to our club members. (Store details available with our swimming pool in Charge)

With best wishes,

M. Alagappan.

Member in Charge - Swimming Pool & Human Resources
